

## AustriaTech-Newsletter, issue 3/19

Dear readers,

the personal access to mobility is an important driver of our quality of life. This is why we should intensively deal with the various aspects of our own mobility. To do so, this issue of our newsletter provides you with the most important news: New figures on e-mobility in Austria and the new legal framework conditions for automated driving and many more. Stay up to date with our monthly briefing.

Enjoy reading, your AustriaTech-Editorial Team

### Now available: Facts & Figures on E-Mobility in Austria

Did you know that in February around 850 electric vehicles were newly registered in Austria? And that Vorarlberg is the leader in the share of new registrations among Austria? The monthly Factsheet "Electromobility in Austria, Facts & Figures" provides these and other interesting developments of the sector in Austria. [>>> more](#)
