

AustriaTech-newsletter, issue 9/18

Dear readers,

"Your Network defines your Net Worth" ... admittedly, our newsletter has never started with the wise words of a former heavyweight boxer. Nevertheless, they fit perfectly into the theme of the current issue: networking and linking as the key to successful business models and sustainable mobility solutions. Expand your network at the ITS Austria Conference, experience the highlights of the ITS World Congress and immerse yourself in the world linking of services.

Enjoy reading yours truly,

AustriaTech-Editorial Office
